Annotations:

- This is the section that is updated based on the measure you selected
- The blue line shows where your practice falls for the measure over time
- The pink line shows the 90th percentile target for the measure selected
- Here you can see the number of patients in the numerator, denominator, and those with open gaps, and the points your practice qualifies for
- Select any column header to sort by that column
- When you select a measure, it populates with details on the right side of your screen
- This shows the number of patients you need to hit the 90th percentile
- This shows you all open gaps for the measure you selected
