Please Note:

- If you dial in using the phone, and can't hear audio, try hanging up and using another dial in number
- Participants enter the call on mute; if you need to ask a question, use the chat feature or unmute
- To unmute yourself:
  - If using computer audio, click on the mute/unmute button in the lower left corner of the Zoom window
  - If using telephone audio, dial \*6 to unmute yourself
- To re-mute yourself after asking question:
  - If using computer audio, click on the mute/unmute button in the lower left corner of the Zoom window
  - If using telephone audio, either mute your phone OR dial \*6 again to re-mute yourself through Zoom
- NEVER use both computer audio and telephone: causes echo and feedback.
