

Behavioral Health Consultation

AHP's Behavioral Health Integration Team is available via telephone, video, and/or email:

The AHP Behavioral Health team as well as members from our pharmacy, care management and social work teams are available to you and your practice for **virtual consultation** support to address the behavioral health needs of both your pediatric and adult patients.

You can join the call every Tuesday and Thursday mornings from 7:30am – 8:00 am **by clicking on the following zoom link: <https://urmc.zoom.us/j/948873484> or by calling in:** (646) 876-9923, Meeting ID: 948 873 484

(AHPBHIT@urmc.rochester.edu) to consult on diagnostic questions, medication interventions, treatment considerations, mental health system navigation.

Care Management:

Telephonic and/or telehealth social work care management support is available for AHP community pediatric and adult primary care practices.

Licensed clinical social workers and nurse care managers can provide brief behavioral health interventions; guidance/consultation regarding crisis management & behavioral health concerns; linkages with community resources; access to AHP's Behavioral health Integration team and/or Clinical Pharmacy team for further consultation as needed.

Project TEACH:

www.projectteachny.org

855-227-7272

Is available to help with referrals and to provide guidance/telephone consultation for **all Pediatric providers in NYS.**

Monday to Thursday 8:00 am – 7:00 pm and Friday 8:00 am – 5:00 pm
