

Getting Rochester Back to Work

A Partnership for a Safer Reopening

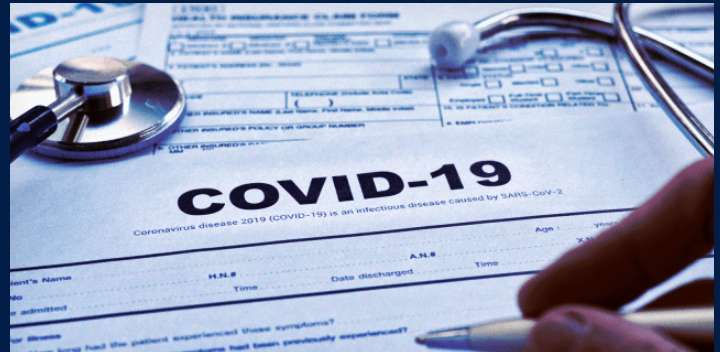

The COVID-19 pandemic is evolving rapidly, and changing the way our businesses operate. As guidelines continue to update, many business owners are unsure of what steps to take to protect employees and customers from the risk of COVID infection. Responding to the pandemic has underscored the need for clinical leaders who can answer the difficult questions business owners have.

The team at Accountable Health Partners, a clinically integrated physician network affiliated with UR Medicine, is here to help you reopen your business safely. Send your COVID-related questions to us at info@ahpnetwork.com, and our clinical experts will respond to you within one business day.

Common Questions

- Which states are currently on the NYS quarantine list?
- What cleaning products should I use to protect against COVID-19?
- Do my employees need to wear masks?
What about patrons?
- What should I do if I get sick or someone I work with gets sick?
- What should I do if I have had close contact with someone who has COVID-19?
- I have employees who are parents of school-aged children, what do we know about schools reopening in the fall?
- How can I get tested for a current infection and what does my test mean?
