

PRE-OPERATIVE & PRE-PROCEDURE COVID-19 TEST COLLECTION SITES

JANUARY 4, 2021 | PAGE 1

All tests require an order. See the [Pre-Procedure Testing Process](#).

- Follow the instructions indicated for that location, including order requirements, pre-scheduling, etc.
- Enter the order in eRecord (or other EMR) with the necessary information for results delivery.
- **Indicate the location where the patient will complete the specimen collection.**

Instruct the patient on when and where to complete the specimen collection.

- **For all outpatient scheduled surgeries/procedures**, patient needs swabbing **3-5 days** before the procedure/surgery.

Please offer one of these following locations first.

Note: If the patient is unable to visit one of these or prefers another location, select another site on the following pages.
