

## **WE NEED YOU! Participate in a Research Study About the Welch Allyn Connex Integrated Wall System (CIWS).**

**Register today to take part in a paid study sponsored by Baxter.**

### **Overview of Study**

- Baxter (now parent company of the Welch Allyn brand) is conducting a research study about workflow habits related to one of its popular products used in your facility – the Welch Allyn Connex Integrated Wall System (CIWS).
- The goal of this research is to understand medical providers' workflow with the CIWS and their likes and dislikes of this medical device.
- The information you share will be used by Baxter to improve this product.

Scan here to see if you qualify for this study.

### **What You'll Be Asked to Do**

- Your total time commitment for this research will be approximately 2.5 hours over a multi-week timeframe, including a:
  - 30-minute onboarding call with RMS\* about the study and your requirements.
  - 30-45 minutes of documenting your workflow using the CIWS product including pictures/video.
  - 60-minute in-depth interview with RMS following up on your use of this product.
  - 15 minute follow-up of questions.

### **Benefits of Participating in this Research Project**

- You will be paid \$150 - \$825 depending on your title and role at your organization.
- You have the opportunity to make suggestions and share insights to make your job, and others like you, more efficient.
